Eyes

- Prime the eyelids with **bareVitamins Prime Time Eyelid Primer**
- With the **Full Tapered Shadow Brush** apply **Soiree Eyecolor** on the lid and blend into the crease. Pat for more color pay-off and buff for less color pay-off
- Apply ***Smoky Topaz Eyecolor** in the crease on the orbital bone with the *** Tapered Crease Defining Brush**. It is perfect for flawless detailing and blending in the contour crease. The tip of this perfectly angled brush should sit just on the bone. Start in the middle of the bone, right above the pupil of the eye and “windshield wiper” the brush back and forth. Be sure not to take the color deep into the inner corner or past the last lash on the outside of the eye.
- Use the **Full Tapered Shadow Brush** to apply ***Luminous Topaz Eyecolor** to the brow bone and bring down to blend into the crease. Pat for more color pay-off and buff for less color pay-off.
- Line along the base of the eyelashes with the ***Precision Eyeliner Brush** and ***Lush Topaz Liner Shadow**
- Dramatic lining: using the *** Precision Eyeliner Brush** and **Prime Time Eyelid Primer** make a paste in the lid with ***Lush Topaz Liner Shadow** to line the upper and lower lashes. Remove ***Lush Topaz Liner Shadow** from the brush and “foil” ***Luminous Topaz Eyecolor** in the inner corners of the eyes.
- With the **Angled Brow Brush** buff **Brow Color** onto the eyebrows
- Apply **Big Tease Mascara** to the lashes

Lips

- Apply ***Tempest Big & Healthy Full-Color Lip Polish** to the lips
